SSE™ 10 System White

OVERVIEW

The SSE™ is a new enclosure series featuring high power ratings with custom components, a sleek look and a unique, snap-in metal grille. The SSE™ 10 is a twoway system featuring the highly cclaimed Peavey 14XT titanium compression driver with the diverse Sound Guard IV tweeter protection network and a maximumperformance 10" woofer for a smooth response. The SSE™ 10 is rated at 400 Watts program and 800 Watts peak. This lightweight speaker system is ideal for smaller venues where space is at a premium. Connections are made using a four-pin Neutrik® Speakon® or paralleled two-position terminal block for additional cabinets. The SSE™ 10 incorporates flying points on the top of the unit and mounting points on the bottom for utilizing the Peavey VersaMount70 mounting bracket. The SSE™ series is available in black and off-white finishes.
