

MAX Bass Pack - Black

OVERVIEW

The Max Bass Pack features the Peavey Milestone bass guitar and the number one selling MAX 126 bass amp. The bass is a cutting-edge instrument and the result of Peavey's continual dedication to the working musician. The Milestone® bass is a rare combination of stunning craftsmanship and intelligent design with a reasonable price. The body design is both classic and elegant. The perfectly balanced body provides an intuitive feel, as if the bass is an extension of the player's body. The popular MAX 126® bass amp is our most compact bass amp and features Peavey's exclusive and patented TransTube® circuitry. The MAX 126 has a selectable Vintage gain control that allows you to change the tone from modern sounding to vintage. With 10 watts of power and a Peavey 6 1/2" speaker, this makes the perfect bedroom amp. For your convenience, we've added a headphone output, CD input and low and high EQ controls.
